HEAD OFFICE AND FACTORY:

SMITH'S FALLS, - - - ONTARIO

COLLECTION A CYNDIVIV

Thoroughly canvass your territory. A small territory well worked will give you more profit than a large ground poorly canvassed.

Make all payments to mature Oct. 1st if at all possible, but never later than January 1st.

Make uniform prices and terms to all customers—if you don't, some one is sure to get "sore" on you.

Never deceive a customer, but always stick to your promises—it will mean more business in the end.

Keep your show room clean and neat and your Machines well set up. Remember that an article is half sold when it has a pleasing appearance.

Get orders signed yourself and don't wait for the General Agent or traveller to come round. If you have a prospect, close him or your opponent may slip in and make the deal.

Use every legitimate means to make your business successful—there are no better goods on the market than those you are handling.

Don't leave that prospect till to-morrow—get after him to-day.

RE WAGONS

AGENTS WILL PLEASE NOTE THE FOLLOWING :

Notes must be dated the day sale is made.

If longer time than six months is wanted on one payment, add 40c. per month to all Wagons and Trucks—2½ inch arm to 3½ inch arm inclusive—and 50c. per month on all larger sizes. For additional time on two payments add 25c. per month on all sizes—2½ inch arm to 3½ inch arm inclusive—and 40c. per month on all larger sizes.

It is particularly requested that agents, in making sales, will adhere to standard sizes of arm, width and thickness of tire, as well as width of bolster. It so often happens that delays occur in shipment on account of an order written for a special size having to be specially made at a great increase of cost, while, at the same time, we may have plenty of standard goods in stock.

When ordering Wagons, care must be taken to state height of wheels, size of arms, size of tire, width of bolsters, and whether full or three-quarter shelving, O.G. shelving or top-boxes are wanted.

Prices quoted for Gears only do not include Neckyoke or Double Trees.

Extra parts for repairs are not supplied upon commission.

When wheels are required of special height other than specified in catalogue, reasonable time must be allowed for filling of order. No cancellation of any special order will be considered.

GOODS FOR MANITOBA AND NORTH-WEST

For the protection of our agents in Manitoba and North-West, where goods may be shipped, who are expected to look after any customers taking machines from this Province, in the way of setting up, starting, and, when necessary, adjusting them, an additional charge over Ontario schedule will be made as follows:—

On Binders.....	\$5.00
On Mowers	2.50
On Drills, according to size and style.....	\$3.00—5.00
On Rakes	1.00
On Disc Harrows.....	1.00
On Drag Harrows, according to size.....	50c.—1.00

The above prices are for delivery, freight prepaid, to your station in Ontario only.

We especially ask our agents to obtain the above addition to our full retail Ontario price on all goods going to Manitoba or North-West.

THE FROST & WOOD CO., LIMITED.

INSTRUCTIONS AND ADVANCE CHARGES

When goods are sold on two and three payments the notes must be drawn for two and three equal amounts respectively. When the first note of a two payment sale, and the first or second note, or both, of a three payment sale are drawn for less than equal payments, interest will be charged on the difference.

When goods sold on longer terms than those provided for in this schedule, the following advanced charges will be made for the extended time:—

Don't trust to luck—only those who work will succeed.

Trusting to luck is only another name for trusting to laziness.

Success does not consist of never making blunders, but in never making the same one a second time.

Never rest satisfied because you have done well—try to do better.

Don't be blind to what the opposition agent is doing. Don't imagine that he is not working—you will realize your mistake if the trade slips past you.

Sell only to persons in good credit—we do not want to have anything to do with the man that cannot meet his bills.

Keep the Company frequently advised of your stock on hand, and its condition.

Get your settlements in early and keep your notes clean and neat. We will send you large envelopes to hold them, if you ask us.

Be prompt in all things—with the farmer as well as with your Company.
